Special Provision for Work Zone Public Information Signs

October 1, 2004

This special provision has been revised to expand the use of work zone public information signs.

This special provision must be used on all freeway/expressway contracts with lane closures as shown on Highway Standard 701400. It should also be used at the districts discretion on high visibility projects and/or projects that will require several months to complete.

The districts should include the BDE Check Sheet marked with the applicable special provisions for the January 21, 2005 and subsequent lettings. The Project Development and Implementation Section will include a copy in the contract.

This special provision will available on the transfer directory October 1, 2004.

WORK ZONE PUBLIC INFORMATION SIGNS (BDE)

Effective: September 1, 2002

Revised: January 1, 2005

Description. This work shall consist of furnishing, erecting, maintaining, and removing work zone public information signs.

Camera-ready artwork for the signs will be provided to sign manufacturing companies upon request by contacting the Central Bureau of Operations at 217-782-2076. The sign number is W21-I116-6048.

Freeways/Expressways. These signs are required on freeways and expressways. The signs shall be erected as shown on Highway Standard 701400 and according to Article 702.05(a) of the Standard Specifications.

All Other Routes. These signs shall be used on other routes when specified on the plans. They shall be erected in pairs midway between the first and second warning signs.

Basis of Payment. This work will not be paid for separately but shall be considered as included in the cost of the Standard.
